Alaska Airlines

A beautiful hard bound coffee table book celebrating Alaska Airlines, with an extensive look at the airline's rugged ancestors, variety of aircraft, colorful printed materials, unusual memorabilia and inspiring people. More than 500 images and illustrations show the airline from its humble beginning as McGee Airways in 1932, a one-plane airline in the Territory of Alaska, through more than eighty years of adventures, mergers, acquisitions and purchases as it became one of today's most successful, vibrant and respected airlines.

8 Simple Rules for Dating My Teenage Daughter: And other tips from a beleaguered father [not that any of them work]

Fathers may suspect it's not easy for their daughters to become women, but those same daughters have no idea how hard it is for fathers to stand by and watch. According to W. Bruce Cameron, "Having a child mutate into a teenager is a bit like being an airline passenger who must suddenly take over f

What others say about this ebook:

Review 1:

This book is a great collection of pictures and nothing more. While the photography is excellent, the actual history of the airline is sorely lacking. As a coffee table picture book, it's great. But, if you want a real historical biography of Alaska Airlines, I believe this book fails to deliver.

Review 2:

A well written book on AS Alaska Airlines. Complete with photos.

Review 3:

More a pictorial than history, "Alaska Airlines" provides a well-illustrated synopsis of 15 Alaskan airlines that were acquired or merged to ultimately become Alaska Airlines in 1944 and continues with the airline's history through the introduction of 737-800s. Well illustrated throughout, there are countless rare photos and images of the aircraft, people, and memorabilia from the early days of Alaska's ancestry through the jet age, post-deregulation expansion and Horizon Air. Informative text and impressive graphics make this THE book to have for anyone interested in the heritage of Alaska Airlines.

Review 4:

Some interesting facts and pictures are included. But the text is very brief on the development of most of the airlines that morphed into Alaska Airlines. Could have done a lot more here. Too much wasted blank page space.

Review 5:

This is a book very well done and presented. A lot of information and pictures. You must have it in your library.
