**What others say about this ebook:**

**Review 1:**

There was no cd and the book had writing All I need the cd

**Review 2:**

The book came in great condition. The pages were shiny & clean with the exception of a couple hand-written notes in the beginning pages. I would definitely buy again. My only complaint is that it did not come with the CD.

**Review 3:**

I,m still using the book but for the first 4 chapters it was missing the chapter review questions. That was a problem for me since my instructor left homework problems from it. I had to get them from my class mate but other than that the book has been working just fine.

**Review 4:**

It had the access code and everything. I was very happy with this purchase.

**Review 5:**

This item was supposed to come with Connect Plus code and it did not have the item. This cost an extra \$80.
