Three Letters from Teddy and Other Stories

The stories are...timeless. They touch the heart and make one think. The stories are beautifully written. It seems to me, that there is too much truth in some of the stories for her not to have experienced the pain described. Heart wrenchingly beautiful. You feel pain and sadness but at the same time you understand forgiveness and truth and are left with a feeling of peace when you come to the end. Everyone who reads the book will be able to identify with it, each differently based on what they've experienced. It's a book you can read again and again. I loved the book and will recommend it to my friends!!!! Lona Lockhart

What others say about this ebook:

Review 1:

The title story is wonderful, the rest are poorly written drivel.

Review 2:

An educator told me to read this story. Three Letters from Teddy had me in tears. What a touching story.

Review 3:

I have enjoyed this book, I would recommend it to others. Life stories always leave messages. The book is sad in places, but life isn't always happy.

Review 4:

I have read the story "Three Letters from Teddy" before and it touched me deeply, which is why I bought this book. The story "Three Letters from Teddy", was not written as I had read it before, it left out some very important issues. Those issues were what made the story so VERY VERY touching, and the reason I wanted to add it to my library .
If you haven't read the real(or first version) story about Teddy, you will still like the story because you won't know what you have missed. The other stories were very nice too.

Sincerely

Georgia Ziller

Review 5:

I like the original story better. This one is shortened and doesn't work quite as well. But the artwork is beautiful.
