## Divided Heart (Queens of Kings) (Volume 2)

She broke his heart...to rebuild his soul. The last two years of Heart MacKenzie Searlington's life have been a constant forward motion of change. She's been promoted to NYPD captain of the seventy-fourth precinct in Brooklyn, a job she never wanted, but is slowly finding her way through with the help of a dedicated second in command and a house full of exemplary officers. Married to the sexy and powerful mogul, Kenneth Searlington, Heart is living all of the dreams she never knew to ask for before she fell in love with the man that stole her heart. What others say about this ebook:

**Review 1:**

Kenneth is an amazing man. Heart is so incredibly lucky to have him, because not many men would constantly put up with her bulls\*\*\* and craziness. I wonder what happens next with these two.

**Review 2:**

\*This book was provided by the publisher/author for an honest review.

An outstanding follow-up to LaQuette's first book "Heart of The Matter". This book begins two years after the power couple were married. And we still follow Heart and Kenneth Sterling's story closely. Heart has been promoted, and she is still learning her the way of the land. Being the captain of a prescient in the NYPD has her insecure, BUT not as vulnerable as she feels with her relationship with Kenneth. Old demons still haunt her and are getting in the way of their love.

Kenneth showers her with affection in an entirely steamy way, but there is without a doubt that a huge part of his heart belongs to her. If not all in their flourishing relationship. Just like in the first book, Kenneth will do anything to prove his love for her! She, on the other hand, is her worst enemy. Jealousy aside, Kenneth tries his best to push through.

The characters in this book are just as dynamic as they were in the first book. I find LaQuette's writing fascinating and witty. Regardless of the fact that our Alpha male is married to a tough NY Captain, we still feel his top of the food chain pull. The plot line is realistic, and their marriage woes are relatable.

**Review 3:**

Loved the storyline. It was laugh out loud funny, heartwarming and filled with the power of a strong man that was determined to be one with his wife. He was so protective and possessive at the same time

**Review 4:**

After reading a sample of this book at a conference, I knew I has to read this book and I'm so glad I did! My only thing was that the murder mystery part seemed to be wrapped up too quickly. But I loved the romance between the characters! This was my first book by the author but it won't be my last. ?

**Review 5:**

OMG!! i so thought the worse as i was reading through the chapters and it ended up being totally different then what i expected. its like this book was a twist to the first. Some parts made me smile and some made me say awww and then you were where did that come from. its like being in the story without actually being in it. about to start on book 3. keep the good books coming
