**What others say about this ebook:**

**Review 1:**

Very entertaining format. I read one third of the book in the first setting. Great insight into the subject and easy reading.

**Review 2:**

Feng Shui is probably the most intriguing yet one of the least-known facets of Chinese culture in the West; yet its roots predate recorded history. Translated, Feng Shui mean the "Art of Placement," "Geomancy," or "Geoenergy." With the teachings of Feng Shui you'll learn in "Shower of Jewels", you will be able to improve your enviroment and your life - whether you are an interior designer, architect, a conscientious homeowner, a business owner, or a student living in a dorm room. The material is meant to be both fun and informative, and quite possibly a source of great luck beyond your wildest dreams! - from book's back cover
